

Small Steps Lead to Big Changes.

Setting your thermostat a few degrees cooler in the winter can reduce energy costs and cut carbon emissions.

Set your thermostat at 68 degrees and save as much as 10% on your energy bill. Sign up for My Account on pepco.com and complete an online energy audit to learn simple ways to conserve energy and save money.

You benefit. Maryland benefits. The environment benefits. EmPOWER Maryland.

These programs support the EmPOWER Maryland Energy Efficiency Act.

Your life. Plugged in.™
