ELIGIBILITY

The Whole House Time of Use Rate (R-PIV) is open to Pepco Standard Offer Service (SOS) residential customers only and will include the entire house and the vehicle charging. Net Energy Metering customers in Maryland are not eligible for R-PIV.

I am a Pepco SOS customer.

I am interested in the optional Green Rider (R-PIV Green) which provides 100% renewable energy and will be applied to billed kilowatt hours.

VEHICLE INFORMATION
