

STANDARD OFFER SERVICE RATES DECREASE EFFECTIVE JUNE 1, 2019

Pepco's Standard Offer Service (SOS) supply rates for District of Columbia residential customers will decrease June 1, 2019. If you have not chosen a competitive supplier, you are on SOS supply rates and Pepco buys electricity for you, charging you rates approved by the Public Service Commission of the District of Columbia (Commission). The cost of SOS supply rate is shown in the "Generation Services" and "Transmission Services" portions of your electric bill.

The new rates are based on market prices obtained through a competitive bidding process overseen by the Commission. The average monthly bill for residential customers is expected to decrease 5.1 percent or \$3.78 under the new rates. Under Generation Service Charges, the Administrative Charge that was previously included in the kilowatt hour (kWh) rate is listed separately.

Please note that summer rates take effect with the billing month of June. Pepco, as with many other utilities, charges different rates for electricity use in the summer (June–October) and in the winter (November–May).

To learn more about SOS rates, visit pepco.com and view the District of Columbia Rates and Tariffs section of our website. Information is also available by calling 202-833-7500 between 7 a.m. and 8 p.m., Monday through Friday. To help you evaluate offers if you choose to shop for a competitive supplier, your bill contains the "price to compare" listed under the Supply Charges section of your bill.

Please see the SOS rates for residential customers that take effect on June 1, 2019 on the reverse side.

Procurement Cost Adjustment		pepco.com for monthly rate

* Residential customers will receive a \$1.37 credit on their bills and Master Meter Apartment customers will receive a \$0.17 credit on their bills starting 8/13/2018 through the Exelon Customer Base Rate Credit (CBRC), a benefit from Pepco's merger with Exelon. The CBRC will terminate when its funding balance is exhausted.

** Minimum charge includes (1) the first 30 kWh or fraction thereof of consumption, and (2) administrative charge.

*** The administrative charge must be added to the generation rates stated above.
