

STANDARD OFFER SERVICE RATES CHANGE EFFECTIVE JUNE 1, 2016

Pepco's Standard Offer Service (SOS) supply rates for District of Columbia small commercial customers will change for customers on Schedules GSLV ND, T, SL, TS and TN starting June 1, 2016. If you have not chosen a competitive supplier, you are on SOS rates and Pepco buys electricity for you, charging you rates approved by the Public Service Commission of the District of Columbia (Commission). The SOS supply rate is shown in the "Generation Services" and "Transmission Services" portions of your electric bill.

The new rates are based on market prices obtained through a competitive bidding process overseen by the Commission. We are unable to provide an average dollar-amount change for commercial customers as energy use varies significantly among the many sizes of commercial customers. Under Generation Services, the Administrative Charge that was previously included in the kilowatt hour (kWh) rate is listed separately.

Please note that summer rates take effect with the billing month of June. Pepco, as with many other utilities, charges different rates for electricity use in the summer (June–October) and in the winter (November–May).

To learn more about SOS rates, visit pepco.com and view the District of Columbia Customer Choice section of our website. Information is also available by calling 202-833-7500 between 7 a.m. and 8 p.m., Monday through Friday. To help you evaluate offers if you choose to shop for a competitive supplier, your bill contains the "price to compare" listed under the Supply Charges section of your bill.

Below are the SOS rates for small commercial customers that take effect on June 1, 2016.

	Summer Billing Months (June–October)	Winter Billing Months (November–May)
