

IMPORTANT RATE INFORMATION FOR PEPCO MARYLAND CUSTOMERS

In June 2021, the Maryland Public Service Commission (PSC) approved Pepco's Multi-Year Plan, which included delivery rate increases in June 2021, April 2022, and April 2023. However, the PSC directed that certain tax benefits and adjustments be used to offset the rate increases entirely in 2021 and bills remained flat in 2021. The increased rates beginning in April 2022 have now gone into effect but are continuing to be partially reduced by certain tax benefits. See [pepco.com/MYPMD](https://www.pepco.com/MYPMD) for details. As a reminder, Pepco offers bill payment assistance and payment arrangements for customers.
