

NEW ELECTRIC SUPPLY RATES BEGIN JUNE 1 FOR MARYLAND RESIDENTIAL CUSTOMERS

Pepco's Standard Offer Service (SOS) supply rates for Maryland residential customers will decrease beginning June 1, 2022. If you have not chosen an alternative electricity supplier, you are on SOS and Pepco buys electricity for you.

For a typical residential customer who uses 811 kilowatt-hours of electricity a month, this will result in a monthly decrease of about \$9 on the total bill.

The new rates are based on market prices obtained through a competitive bidding process overseen by the Maryland Public Service Commission.

Generation Service*

Summer Billing Months
(June 1, 2022 – Sept. 30, 2022)

Change from Prior Period
