With the **Peak Energy Savings Credit**, all it takes are a few small changes to make a difference on your monthly energy bill. We'll notify you the day before with the specific hours to save.

THE PEAK 5: Start here to save on Peak Savings Days.

1. Unplug unused chargers and electronics
2. Lower blinds and shades to keep your home cool
3. Avoid using your oven to cook a meal
4. Raise your thermostat 1-3 degrees, if health permits
5. Plan to use large appliances before or after specified hours

Saving is easy and can be done with a few quick actions before heading out the door.
