

NEED A CHARGE?

Charging your electric vehicle while away from home is simple with Pepco's Public Charging Network. Conveniently located throughout Maryland and DC, Pepco chargers are a reliable option when you're on the go.

Two Ways To Charge

Choose the option that best fits your needs.

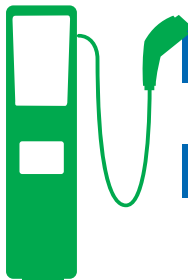

What does \$5 buy with the average electric vehicle? (600KW battery, 200 mile range)

LEVEL 2

240V

**COST
PER KWH:**

\$0.18

MILES ADDED:

27

CHARGE TIME:

68 minutes

DC FAST CHARGER

480V

**COST
PER KWH:**

\$0.34

MILES ADDED:

15

CHARGE TIME:

6 minutes

Three Ways To Pay

- **Shell Recharge Solutions Mobile App.** Download the app for iPhone or Android, scan the QR code on the charger, and follow the directions on the charger's screen
- **Credit Card.** To use a credit card, call 855-900-PLUG (7584)
- **RFID Card.** If you have an RFID card, scan it on the charger to pay.

One Place To Find Them All
